

HERE IS YOUR ...

VOLUME XV INDEX

of

Articles

Appearing in

THE INSTITUTE SPOKESMAN

APRIL • 1951 through MARCH • 1952

INDEX

APRIL 1951—MARCH 1952

OF ARTICLES APPEARING

Listed by Authors

BENITEZ, M. P., and LEVEY, H. A.

Analytical Methods for Hydroxy-Acid Greases
Volume XV, Number 3, June 1951

BONER, C. J.

Influence of Chemical Composition of Lubricating Oil on the Manufacture of Lubricating Grease
Volume XV, Number 1, April 1951

BROWN, JOHN A., HUDSON, CHARLES N., and LORING, LEWIS D.

Lithium Grease
Volume XV, Number 11, February 1952

DAUBERT, B. F.

The Chemistry of Fats
Volume XV, Number 8, November 1951

DAUBERT, B. F.

The Composition of Fats
Volume XV, Number 9, December 1951

DAVIS, C. E.

Lubricating Grease for the Machines of Defense
Volume XV, Number 10, January 1952

DEAN, W. K.

The Structures of Aluminum Greases
Volume XV, Number 6, September 1951

EGLOFF, DR. GUSTAV

Middle East Oil and European Refineries
Volume XV, Number 12, March 1952

EVANS, E. A.

Grease
Volume XV, Number 1, April 1951

GLAUCH, E. S.

Graphite as a Lubricant
Volume XV, Number 7, October 1951

HEMMINGWAY, H. L.

Is Wheel Bearing Lubrication Progressing?
Volume XV, Number 4, July 1951

KELLEY, DR. CARL W.

Keeping Up to Date on Government Specifications
Volume XV, Number 5, August 1951

KELLEY, DR. CARL W.

Military Lubricants
Volume XV, Number 11, February 1952

MARUSOV, N.

Flow Properties of Lubricating Greases
Volume XV, Number 5, August 1951

MONGON, W. J.

Rotary Pumps, Basic Considerations in Their Applications
Volume XV, Number 2, May 1951

NASON, D. K.

The Four-Ball E. P. Tester
Volume XV, Number 12, March 1952

NINOS, N. J.

Evaluation of the Anti-Wear Properties of Gear Greases
Volume XV, Number 3, June 1951

PROUDFOOT, D. G.

Analyzing—Wheel Bearing Grease Complaints
Volume XV, Number 9, December 1951

RHODES, R. K.

Petroleum Sulfonates in Grease Manufacture
Volume XV, Number 8, November 1951

ROEHNER, T. G.

N L G I Dispensing Test
Volume XV, Number 2, May 1951

ROTTER, L. C.

A Plea for Uniform Packaging of Lubricating Grease
Volume XV, Number 4, July 1951

SOMMERS, A. C.

Multi-Purpose Grease—Profits Plus Simplification
Volume XV, Number 6, September 1951

VOLD, R. D., COFFER, H. F., and BAKER, R. F.

Rheological Studies
Volume XV, Number 10, January 1952

IN THE INSTITUTE SPOKESMAN

Listed by Titles

ANALYTICAL METHODS FOR HYDROXY-ACID GREASES

M. P. Benitez and H. A. Levey
Volume XV, Number 3, June 1951

ANALYZING—WHEEL BEARING GREASE COMPLAINTS

D. G. Proudfoot
Volume XV, Number 9, December 1951

THE CHEMISTRY OF FATS

B. F. Daubert
Volume XV, Number 8, November 1951

THE COMPOSITION OF FATS

B. F. Daubert
Volume XV, Number 9, December 1951

EVALUATION OF THE ANTI-WEAR PROPERTIES OF GEAR GREASES

N. J. Ninos
Volume XV, Number 3, June 1951

FLOW PROPERTIES OF LUBRICATING GREASES

N. Marusov
Volume XV, Number 5, August 1951

FOUR-BALL E. P. TESTER, THE

D. K. Nason
Volume XV, Number 12, March 1952

GRAPHITE AS A LUBRICANT

E. S. Glauch
Volume XV, Number 7, October 1951

GREASE

E. A. Evans
Volume XV, Number 1, April 1951

INFLUENCE OF CHEMICAL COMPOSITION OF LUBRICATING OIL ON THE MANUFACTURE OF LUBRICATING GREASE

C. J. Boner
Volume XV, Number 1, April 1951

IS WHEEL BEARING LUBRICATION PROGRESSING?

H. L. Hemmingway
Volume XV, Number 4, July 1951

MILITARY LUBRICANTS

Dr. Carl W. Kelley
Volume XV, Number 11, February 1952

LITHIUM GREASE

John A. Brown, Charles N. Hudson, and
Lewis D. Loring
Volume XV, Number 11, February 1952

LUBRICATING GREASE FOR THE MACHINES OF DEFENSE

C. E. Davis
Volume XV, Number 10, January 1952

MIDDLE EAST OIL AND EUROPEAN REFINERIES

Dr. Gustav Egloff
Volume XV, Number 12, March 1952

MILITARY LUBRICANTS

Dr. Carl W. Kelley
Volume XV, Number 11, February 1952

MULTI-PURPOSE GREASE—PROFITS PLUS SIMPLIFICATION

A. C. Sommers
Volume XV, Number 6, September 1951

N L G I DISPENSING TEST

T. G. Roehner
Volume XV, Number 2, May 1951

PETROLEUM SULFONATES IN GREASE MANUFACTURE

R. K. Rhodes
Volume XV, Number 8, November 1951

PLEA FOR UNIFORM PACKAGING OF LUBRICATING GREASE, A

L. C. Rotter
Volume XV, Number 4, July 1951

RHEOLOGICAL STUDIES

R. D. Vold, H. F. Coffey, and R. F. Baker
Volume XV, Number 10, January 1952

ROTARY PUMPS, BASIC CONSIDERATIONS IN THEIR APPLICATIONS

W. J. Mongon
Volume XV, Number 2, May 1951

STRUCTURE OF ALUMINUM GREASES, THE

W. K. Dean
Volume XV, Number 6, September 1951
